Przelewy24

General information

Przelewy24 is an Internet service designed for e-commerce related sectors and facilitates the transfer of payments between consumers and merchants. Payments are possible 24 hours a day, 7 days a week by means of on-line transfers from over 30 banks in Poland, Visa, Mastercard, Diners Club, JCB, American Express, SOLO payment cards.

Przelewy24 accepts consumer's payments to its account, confirms payment processing to the merchant and transfers these payments to the merchant's account. Each transaction result sent to the merchant is immediately verified in order to confirm that the sender was Przelewy24. All confirmations sent by Przelewy24 guarantee the payment was transferred to the merchant's account successfully.

At the moment it is not possible to make withdrawls from Przelewy24 accounts; all transactions may be executed using Polish zloty only.

Please visit Przelewy24 for further details and information.

Advantages for merchants

- Secure system since each transaction result sent to the merchant is immediately verified to confirm that the sender was Przelewy24.
- Money paid in by consumers is transferred to the merchant's account in Przelewy24.
- Special control panel, in which it is possible to monitor the transaction status and configure the payments schedule.

Advantages for consumers

- Access to many on-line payment methods.
- Quick confirmation of payment with wide selection of payment methods on one platform.
- No storage of any information concerning access to bank accounts or credit card numbers.
