Logos, wording, parameter values and templates

Wirecard offers you to download logos for payment methods free of charge to optimize your online shop.

For consistency purposes we also invite you to have a look at the correct wording in English and German and parameter value of each payment method.

We also provide description templates for payment methods you may offer in your online shop.

Deprecated payment methods

In the course of time, some payment methods have become outdated and are no longer supported by Wirecard. You can find them at [Deprecated payment methods](#).

¹⁾ The following countries participate in the Single Euro Payments Area: 28 EU-countries, four member states of the European Free Trade Association, as well as Monaco and San Marino.
